Chapter 1

It was a beautiful day at Pride Rock. Kiara stretched as she woke up and let out a loud yawn. She looked to Kovu and smirked, nudging him awake.

"Huh?" Kovu asked groggily.

"Morning!" Kiara laughed. "Hey come on, let's go watch the sunrise."

Kovu sighed playfully and rolled his eyes from his queen's childness. "Alright."

The two sat on the tip of Pride Rock and looked at the horizon. The sun rose slowly, a bright yellow and deep red.

Today was the first day of Kovu and Kiara's time as King and Queen.

The Circle of Life now depended on them.
