# Introduction

HI! THIS IS MY FIRST EVER FANFIC AND IT IS MY BEST EFFORT! I HOPE TO PRODUCE EVEN BETTER FANFICTION IN THE FUTURE! UNTIL THEN, PLEASE ENJOY THIS!

# Chapter 1

The loner stalked through the tall grass. She was downwind of the rabbit. Her ears pricked, she charged straight at it and chased it over a ridge. The rabbit darted into a clump of heather. She caught it, then stopped to look around. She was on Clan territory!

## Chapter 2

The loner knew she shouldn't be on Clan territory. Her mother said the Clans were dangerous. The loner took her fresh-kill and started to run back over the ridge, off Clan territory. She remembered when she was only a moon old, when those dreadful Clan cats moved to her family's lake home, driving out all the loners in the area.

## Chapter 3

(flashback) The three one-moon-old kits scampered around the small clearing. Two toms, one she-cat. Their mother watched them proudly. Suddenly, she scented a huge group of strange cats down by the lakeshore. She called her little ones into the cozy little den, a small cave naturally made by tree roots. It was not long after that, when the Clans moved in on their territory.
