# Chapter 1

The Day Dan and Phil got married.

It was dawn. The sun hung brightly in the sky shining down on the great citizens of London, UK. It was the morning that Dan would propose to Phil in Starbucks. Of course, Phil had no clue that Dan was going to do this. It was around 11:18 AM, Dan wasn't up yet as he completely ignored his alarm. His eyelids slid up,

" AGGGGGGHHHHHHH" Exclaimed Dan!, "It's TUESDAY!" He jumped out of bed and went downstairs. He put the pancakes on the grill. Phil began to stumble downstairs., " Morning Daniel,..." He muttered as he walked into the fridge. Dan began to topple the pancakes and smothered them in maple syrup that they had especially imported from Canada, (I mean REALLY). Phil went into the other room and sat in the sofa creases, Dan brought in the pancakes AND Lion. " Morning Phil!" says lion in a really disturbing voice. They stuffed pancakes down their face and went up to get dressed.
