# Introduction

Laurance is nervous, Garroth is confident. Zane is scared, Travis is excited. Lucy is sympathetic, Natsu is confused. They have a great night but then the confusing storyline that I regret posting happens.

## Chapter 1

?What if he says no? Oh my gosh I?m so nervous!?

?Laurance it?s ok! He loves you! He will say yes?

?My dudes calm! They will love you both!?

Laurance, Travis and Natsu were already ready but Laurance was freaking out, Travis was calming him down and Natsu was watching. Typical Natsu. They sat there and eventually they got in the car and decided to head off to the fair for the date as it would take longer for them rather than their dates as they lived further.

## Chapter 2

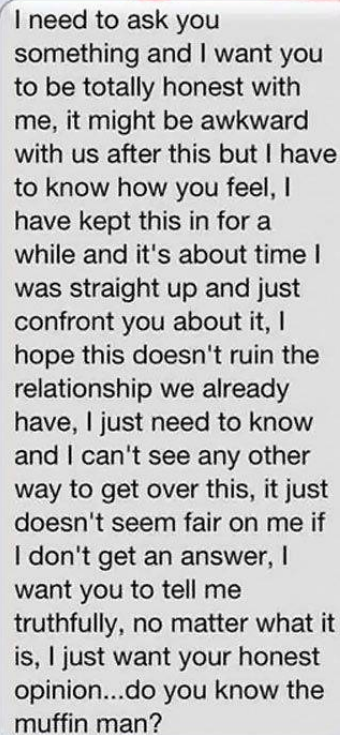

Meanwhile, Lucy was trying to calm Zane down because he wasn't sure if Travis liked him or not and Garroth? well? he was putting on cologne and admiring himself. If Natsu didn't have Lucy, Garroth and Natsu would be the perfect couple. Then again, they are from completely different stories but let's pretend for this fanfiction.

?Should we head off now Lucy??

?You're right Zane. I think once you get there you will be much calmer then you are now! Arise Garroth!?

?I'm sorry but my beautiful face is distracting but we should go you're right!?

They jumped in the car and headed off. (this is the worst story I have ever written I am so sorry! Believe me it gets better as in the storyline but will get confusing!)

I need to ask you something and I want you to be totally honest with me, it might be awkward with us after this but I have to know how you feel, I have kept this in for a while and it's about time I was straight up and just confront you about it, I hope this doesn't ruin the relationship we already have, I just need to know and I can't see any other way to get over this, it just doesn't seem fair on me if I don't get an answer, I want you to tell me truthfully, no matter what it is, I just want your honest opinion...do you know the muffin man?

## Chapter 3

They all arrived at the fair at the same time. Lucy gave Zane a kiss on the cheek and then ran to Natsu. They did a little kiss (aw) and then agreed where they'd meet back at 10pm and headed off to the rides. Zane slowly walked towards Travis.

?You ok Zane? You wanna hold my hand?? Travis said. He knew Zane wasn't very social and accepted him for who he is.

?Thanks Travis,? Zane exclaimed and gave him a peck on the lips (aw!) and they headed off to the rides. While holding hands.

?So that leaves us,? Garroth rolled his eyes and turned to Laurance.

?Yeah, actually Garroth there's something I would like to ask you. We have been friends for a long time? Since high school actually? Back then we didn't know who we were but we have lived on MyStreet for so long and have moved to different places for a really long time but I think it's time to go a little further than before. Only if you're ready! You can say no to this! I love you either way!?

Laurance knelt down on one knee. ?Garroth, baby, will you marry me?? Garroth covered his face with his hands and started crying!

## Chapter 4

?Laurance of course I will! I love you so much and you are the best friend and boyfriend I have ever had in my life!? Garroth sniffed and hugged his best friend. Aww! They had a little kiss then went off to the rides.

Lucy and Natsu were playing the games and were shooting rubber ducks to see who could get the biggest prize. Lucy wasn't very good but Natsu was amazing. He gave the prize to Lucy. They went off to challenge each other again. That's what you do in the Fairy Tail Guild I guess.

## Chapter 5

Zane and Travis were cliché. They were on the Ferris Wheel doing a romantic kiss but even I still find it cute and I'm the writer! Zane is the cutest ship anyone could have. Oh wait. Their talking. ?Travis why do you like me so much? You know everyone except Aph and Aaron hate me but you have an exception. I love you but why?? Zane asked. He always wanted to ask that question but never wanted to offend Travis. Travis thought about it.

?Well, you have something special. You were with Kawaii~Chan and I was with Katelyn but we both happened to break up at the same time and yet we both took a liking for each other and got to be friends. I guess I took a liking to you and then it turned into?. Something deeper. I loved you through that whole time and I was scared you didn't feel the same so I didn't say anything then I noticed that you blushed whenever I said something nice about you then I asked you on a date and now we love each other and here we are!?

Ok that just came to me as I was typing and now I'm looking back and thinking that was cute. Zane was blushing as Travis said that speech. They got off the Ferris Wheel and realised it was already 10 pm. They ran towards the exit.

Natsu and Lucy ran toward the gate. Garroth and Laurance were already at the gate.

## Chapter 6

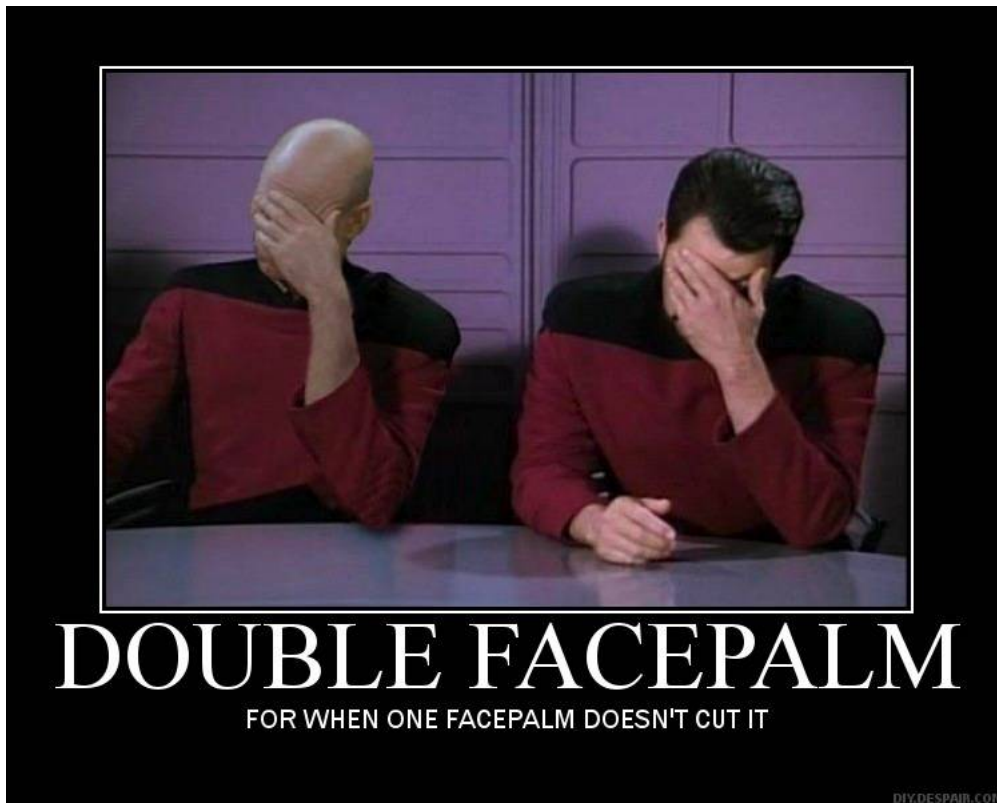

"Guys and Lucy we have something to tell you," Garroth started. "Laurance and I are getting married!" Garroth got teary and Laurance held him. Natsu said aw, Lucy squealed and jumped up and down, Travis also awed and Zane hugged Garroth.

"I knew that this would happen. Garroth you're the best bro anyone could have!" Zane mentioned. Garroth smiled and hugged his baby brother. They are the cutest BrOTP (brother one true pairing) anyone could have. Ugh! I can't handle this many emotions at one time.

Travis went to get Zane's hand and they went to Zane and Travis's house (dropped off by Lucy because Travis's car was there and they shared a car) Lucy went to her house (that she now shares with Natsu) and Laurance dropped Natsu off and drove back to GarLar's house.

That night all the ships slept together. Natsu and Lucy had a quick make out session then went to sleep, Garroth and Laurance got into Laurance's bed and Garroth slept on Laurance's bare chest with Laurance's hand on Garroth's chest and Travis and Zane were asleep but then?

## Chapter 7

Zane bolted up from his sleep. Travis sensed a double disturbance and woke up.

?Zane what's wrong? Did something bad happen?? Travis asked and Zane's eyes were watery.

?Zane, babe, you there?? Travis waved his hand and Zane then got out of bed and started getting dressed.

?Travis, I felt a disturbance and I saw it. Natsu and Lucy are in trouble,? Zane whispered as he quickly pulled on his clothes. Zane fell asleep on Travis so Travis was already awake. He jumped up. They both ran downstairs and got into the car and drove straight to NaLu's house. Before they got there from a distance they could see red flames.

Travis drove as fast as he could to get there. Firemen were already there.

?Excuse me! Can I borrow a suit to run in? This is my friend's house! Zane yelled. The fireman was saying no but...

Sorry for cliffhanger but wanted to say thx for all the support guys! xoxo

## Chapter 8

He knew that Zane would do it anyway so gave him his suit. The chief told him to be careful. Zane nodded but was so worried he didn't listen. As soon as their mouths stopped moving he ran into the house. He had to save Lucy. And Natsu.

Travis watched Zane run inside and prayed to Irene he would be ok. Zane crashed down the bedroom door and went into the bathroom. Natsu and Lucy were sitting there.

?Zane! Please get us \*cough\* out of here!? Lucy whispered. Her voice was hoarse. Zane pulled Natsu up but Natsu pushed Zane toward Lucy.

?Save her first I'm fine! Go!? Natsu screamed. Zane pulled Lucy into his arms. Travis looked into the bedroom window and saw two figures jump out. He ran over and saw them both. Natsu and Lucy.

Travis yelled but couldn't hear anything. He started to cry and the firemen pulled him away from the scene. Everyone went quiet. They all looked toward the bedroom window.

Zane landed on the trampoline and immediately got off and ran to Travis and gave him a big hug and kiss.

?ZANE! I WAS SO SCARED!?! Travis cried. He was meant to be the more responsible but he knew Zane did what he needed. Zane was shushing him and comforting him but Zane was crying too. Zane thought he was going to die and never see Travis again which made him very scared.

## Chapter 9

Laurance and Garroth arrived about an hour later because they received a text from Lucy and they drove over as fast as they could. Travis stopped crying eventually but Zane was still scared for him and Lucy. Garroth walked over to Zane and gave him a brotherly hug because he thought he deserved one. He definitely did.

As Zane was sniffing in his brothers arms Laurance was talking to Travis then Zane looked up and covered his face with his hands. Garroth turned around and so did Laurance and Travis. Standing there was Lucy and Natsu holding hands.

Lucy held her arms open and Zane ran into them. If Lucy died Zane would be sad because she was like a sister to Zane. He hugged her and was crying again.

While Lucy was shushing Zane, Natsu went over to the boys and they had a group hug.

“Ok I love you guys but who can let Lucy and I stay in their house?” Natsu asked with a “I’m sorry but I can’t live there until it’s fixed, please” smile. Yeah, I know that was a long sentence but we needed that. Believe me.

Before anyone could get a word in Zane said that he only had a single bed and bedroom and so did Garroth and Laurance. Neither of them had two double beds.

Lucy volunteered that she would go and live with Zane and Travis. Natsu looked at Garroth and Laurance and they nodded. GarLar and Natsu drove home in silence but Zanvis and Lucy were chatting loudly. Mostly about how they could make Lucy’s room more “Lucy-ish without” completely

Most of Lucy and Natsu's stuff had been burnt in the fire so until they had enough money for furniture they would have to live with GarLar and Zanvis. They had enough for a house just not for furniture. They could ask Lucy's dad but we know her relationship with him and he would most likely say no. Sadly.

## Chapter 10

Three months later.

?I will miss you Zane! You too Travis! At least I live across the road from you though!?

?Lucy you are literally a sister to me but I will miss you living in this house! You are the best but yeah, you will be across the road!?

?Aw you two are so cute! It?s great you two like each other so much! Love ya!?

Travis, Lucy and Zane were saying bye to each other. Lucy was moving to the house across the road with Natsu. They got money from Lucy?s dad and bought enough furniture to live in the house.

Although Zanvis knew she was moving there they did not know how NaLu decorated it. They weren?t the only ones to not have seen it though. GarLar (who lived on the next street) hadn?t even seen the outside of the house yet so they were extra excited.

Lucy and Natsu had their suitcases in their bags. They finished getting everything into place about 4 weeks ago but were waiting until they had the all clear to move in. Natsu had a sleeping mask to keep any fire from his mouth while he slept so he wouldn?t burn another house. That would not be happening again (hopefully! I may or may not be doing it even I don?t know yet!)

Lucy and Natsu opened the doors and everyone looked inside. It was beautiful, it was wonderful! They looked in and saw? HAPPY!
