Introduction

Mel, Briannah, Kylea, Reagan, Megan, Sammie, Danica, and Savanna go through the dangers and disturbances of love potions at Hogwarts. (please do not read if you haven't read or watched Harry Potter and the Order of the Phoenix or Harry Potter and the Half-Blood Prince.)

Chapter 1

Intro

Mel was a pretty, nice fifth year girl in Slytherin. In the class above her was her soulmate, her will to live,(in other words her crush), Draco Malfoy. Mel thought she actually had a shot with Draco, but there was one thing standing in her way, Pansy Parkinson. Pansy was rude and wasn't that pretty. One day while sitting in Slughorn's potion class, which was her best subject, an idea popped into her brain.

"((pink))A love potion!((epink))" she thought. When the bell rang she ran out of the dungeon to find her friends, Kylea and Reagan. Kylea, who had shoulder length strawberry blond hair and hazel eyes, said, " Hey Mel. We were thinking maybe we could meet Briannah, Megan, Sammie, and Danica by the tree." Briannah, Megan, Sammie, and Danica were in there sixth year at Hogwarts, which meant they were in the same class as Harry, Ron Hermione, and Draco.

" Sounds great! I have something to ask you guys there."

" Ok," said Reagan, who had brown shoulder length hair and was dating Marcus Flint, (captain of the quidditch).

Danica, who had long black hair with caramel highlights and olive skin with chocolate eyes, was finishing potions homework. Briannah, who had long black hair and olive colored skin, was staring at a tall red haired figure on the quidditch pitch. ((orange)) Ron Weasley.((eorange)) when we reached them, Megan and Danica looked up. The others were two interested in what they were doing to noticed that we had arrived Kylea started snapping.

"Oh hey!" said Bri, who took the book from Sammie.

Mel's POV((epink))

That night I didn't sleep. I was too busy making the potion. I had devised a plan I would sit across from Draco at breakfast, make a quick distraction, then pour the love potion into his drink. It was fool proof. That morning I went to Reagan and Kylea my plan. Then I went to sit by Draco.
