Introduction

Do you need advice in something but you're just too afraid to talk to someone, or just don't want to... well here I can help with that.

Chapter 1

Hello. Today's thing is going to be a little bit different. If you need advice on something, please put it down in the comments below, so I can do a separate quiz on it. This way I know what to do the quizzes on because you guys told me. Thanks, and have a great rest of your day!:)
