Introduction

Hey guys. Hope you are reading this. If you are then, thank you. There will be some fluff in this story. If you have heard of Jomas Sandart this is what On the Run is about.

Chapter 1

Jon's POV

One month before

"Morning honeybee", I hear a deep voice say. I open my eyes to find Thomas on top of me.

"Morning", I reply in a raspy voice, "How did you sleep last night?" "Great, now that I'm with you", says Thomas in a sexy tone.

He leans in to kiss me when I kiss him more passionately, pushing him back on the bed. We stay there like that for about 5 minutes, when I hear my alarm go off to wake up.

Chapter 2

Thomas' POV

Same time as Jon's POV

Jon is just the cutest thing, especially when he sleeps. I know it sounds stockerish, but it's true.

"Morning honeybee", I say and mentality cringe instantly. "Morning", Jon says in a raspy, but cute voice, "How did you sleep?" "Great, now that I have you", I say in my narrator voice.

When I go to kiss Jon, I felt him kiss back more passionately which, made me fall over.

After about 5 minutes, Jon's alarm goes off. The song that is playing is my cover of breathing by Ariana Grande. "Sorry. That is my 9:30 alarm to wake up", he says with a goofy grin. "God I love him", I think to my self.

Chapter 3

Jon's POV

One month before

"Anything I can do is better than you", I hear across my apartment. "Hello?"

"Hey", I hear Thomas' voice on the other end.

"What are you doing? I thought that you were recording."

"I am", Thomas says with a grin in his voice.

"Surprise!" Thomas jumps out of the front door.

"F---. Thomas you can't scare me like that, but hi. When did you get here?"

"A day ago. It took a long time to get here."

"Come, come in. Ignore my mess."

Chapter 4

A/N

If you don't know what A/N means, it means Authors Note. I will be doing this at the end of every chapter for now on.

Thomas's POV

One month before

It took a week, but I finally got time to go visit Jon. "Ignore the mess", he exclaims. I barely hear him because I'm focused on his butt. It's tiny and cute. Like a red kick ball.

"Thomas. Thomas!", I hear Jon
and it brings me back to reality, "Yes", I answer politely.

Chapter 5

Jon's POV

One month before

"Were do you want to sleep?", I ask. Why would I ask we all know he will say, "Doesn't matter." As if on cue, he reads my mind. "Ok then. You can sleep in me bed with me", I blurt out want to take it all back. "T-T-Thomas...." I try to change the subject, but it makes it worse.

All I can hear put of Thomas is, "Do you like me?"

Chapter 6

A/N

How do like the book? Good, bad, or meh. I hope you are liking it. Might have to stay up past midnight to finish.

Love y'all,
Cat lover

Chapter 7

Thomas'POV

2 weeks before

"Do you like me?", I repeated. "I-uh-I-I. Yes", Jon studers. "Ok then. I will sleep with you."

A/N: Sorry this chapter is so short, writers block. You might see a change in time. That is because I changed it. So ignore the one month thing. Byeeeeeee

Chapter 8

Narrator

Now

"Thomas", Jon says.

"Will you stay forever?"

"Always and forever."

They lay their looking up at Jon's ceiling in silence. Then, out of nowhere, a Thomas' lips hit Jon's. Thomas unbuttons Jon's shirt and pants, while Jon does the same with Thomas. Once they are completely undressed, Thomas moves his head closer to Jon's crotch and starts sucking. Jon starts play with Jon's butt. They take a break and go shower.

THE END
