# Introduction

Normally, we all get brought down during sports. Thinking we're not good enough, daddy ball coaches, or strict ones. We think they don't believe we can do it.

**SO PROVE YOU CAN.**

Live in the moment. Dream. Believe. Make it happen.

# Chapter 1

Are you losing confidence? Feeling stressed? Brought down my teammates or coaches? Don't fret. This may be a bit harsh, but that's because it's the truth. People collapse under pressure. Are you one of them?

**YOU DECIDE.**

If coaches don't think you're good enough, then they might be wrong. If you work towards it, sweat and exhaustion, you can prove it to them.

At first, I was lazy, too. Never wanting to do anything. SOOO bored. I would occasionally work and have lessons.

**NOT ENOUGH.**

One of my coaches thought I couldn't run through the base in my sport (softball, also this might be sort of based on softball and baseball) so I worked towards it and played along.

**I KNEW I COULD. SO I DID.**

Another coach thought I couldn't pitch. I hated that feeling. He only put in his daughter. I felt horrible. He announced the top 2 pitchers were his daughter and another girl. I was devastated.

When he put me in, I pitched a lot of strikes. I struck girls out. On my other team, I struck out so many batters, included what might've been the best player in the league... on the championship game.

**I LED THE TEAM TO VICTORY BECAUSE I BELIEVED.**

Life is hard. Life is sucky. But guess what? If you were born to win, win. It's not too complicated. You may think, well, actually, that IS hard. But here's a tip: **PRACTICE. PRACTICE. MAKE IT HAPPEN.**

Practice like it's a game and play like it's a practice. Trust me, it'll get you far.

# Introduction

Are you worried about the way people think about you? How they look at you? You probably hear this a lot.

**IT DOESN'T MATTER.**

And you say, but it does. If you believe that, you can only get so far in life.

# Chapter 1

NOT TRUE: You aren't beautiful.

NOT TRUE: I can push you around.

NOT TRUE: You look ugly!

NOT TRUE: That outfit sucks!

Are you brought down by haters? Do you feel the need to fight back or to let them know you're ignoring them? Isn't that the opposite?

IT SHOULD BE.

If you let mean girls push your buttons, guess how far you'll get in life? How far they let you.

As much as you convince them they can hate on your style and your money, they'll do it more and more. They'll gossip and lie. But guess what?

YOU COULD HAVE THE POWER.

Try ignoring them. Try responding to them politely or with something that makes them seem like they lost power. Try telling someone close to you. Try avoiding them and ignore their mean stares.

THEY DON'T MATTER.

Mostly girls have this problem. Mean, popular girls that date rich guys. It's like, so what?

Instead of insulting their style out loud, try to think of a smarter, kinder path. If you don't use mocking tones when you're trying to be kind, the bullying stays one-sided.

DON'T LET THEM BRING YOU DOWN.

Bullying is a crime at most schools. Don't allow it. You got this because you've had it all along.

# Introduction

Are you being weighed down by a small difference? Don't let it bother you! Just be yourself and trust that it'll be okay.

# Chapter 1

Have you ever felt like you weren't enough?

We all have our differences! Not one person is the same. Maybe someone has an extra toe. A bunch of people have that! Does it change their personality and the way they talk, walk, or laugh? NO, it only changes their looks.

If a boy likes a boy, a girl likes a girl, so what? You shouldn't bully them! Maybe people have their own opinions. Should you share them if they're hurtful and unkind? My guess is no.

**DON'T CHANGE FOR ANYONE ELSE.**

This might be a bit shorter than the others because really, isn't this all I should have to say?

**WE'RE ALL DIFFERENT.**

Have you watched Wonder? It's an amazing movie and outstanding and emotional book. It will light up your day and hopefully give you confidence if you do happen to not have the same traits as a lot of people.

**WHY FIT IN WHEN YOU WERE BORN TO STAND OUT?**

A lot of different things can bring you down, and bullies are definitely in that category. They're mean and they do stuff for power. Mostly they are either insecure or something is going on with them, so why don't you be kind?
