Introduction

Another poem.

Chapter 1

Doing something fun
Suddenly there's the feeling
And I am done
I never want to feel
That thing
That's a thing you can steal
That one moment
That sudden scare
That thing please have it sent
Away, never to return
Run away, disappear, overcome
I want to learn
How to send it away
Forever to never ever
Come my way
Go ahead and die,
That one moment
You're a lie,
That one moment
Get killed,
That one moment
I'd be thrilled,
That one moment
Go ahead and never come and lie,
That one moment
Go ahead and die,
That one moment
I'd be thrilled,
That one moment
If you were killed,
You're not alive
That one moment
You're not helping me strive, thrive,
That one moment
So go ahead and get
Sent
Away, never return

Don't ever burn
That one moment
I will learn
To send you
Away
That's what I will do
To you
That one moment
