# Introduction

It can mean whatever you want it too but like always all my poems mean something special to me

# Chapter 1

Letting go is like a breath of fresh air  
Letting go can hold you in despair  
Letting go can hurt

Letting go can be good and bad  
Letting go can be sad  
Letting go to me is a feeling

Letting go is hurting me  
But you need to do it  
No one will see

It always comes back and hurts  
But you need to do it so you don't hurt yourself
