# Introduction

This is a poem about how your words can affect people. It's about the things that my father says to me and how it hurts me. Feel free to interpret it any way you like!

# Chapter 1

Don't go  
Don't leave  
I guess I'm just naive  
But I'm finding it hard to breathe  
I'm begging you to stay  
But you keep pushing me away  
I just want some affection  
But when I look back at my reflection  
I see why no one loves me  
Sitting alone under the oak tree  
Reading my book, writing a poem  
Am I really the victim?  
I guess I'm just addicted  
To the painful words that escape from your tongue  
The painful words that fill up my lungs  
With envy and hatred  
This poison is making me frustrated  
I hate it  
This is what you have created  
A family of hatred
