Introduction

This about my crush...

Chapter 1

The way you look at her,
the way you smile,
the way your eyes shine,
when you're around her.

I realize how much you like her,
I want you to be happy,
so I step back,
but I'm thinking, " why her?"

Why is she so special?
Why do you like her more?
What is her secret,
so I can be yours?

But all those thing I did,
you can't forgive,
I jumped on the faulty bandwagon,
doing stuff I can't stand.

But it's the only way to hide my feelings,
the only way for me to hate you.
I can't because I love you,
But you love her.

I regret everything,
But now you're gone.
No one can love you like me,
but, why her?
