# Introduction

If you want to read this, read. I need the help.

# Chapter 1

I am a teen who has no idea what my sexuality is. So I need help on this and my parents are in a disaster zone to ask. My sister (who is bi) told my mom "Hey, I think I'm bi?" then she banned her from having girlfriends over, even if it was platonic. So yeah, I am worried about that.

I am kinda leaning towards Aromantic and Asexual. I can't imagine myself... well... having sex and the thought of having a romantic relationship is not my thing. But I still don't know! All the "Crushes" I have had are just thinking a boy was cute.

I am using this as a way to vent and get opinions/help without being called out or feeling guilty. My sisters have helped a lot in the sense of helping me be educated on the LGBTQ community and helping at least get a good idea on this. If you dislike me for doing this, or just going on here and making this, I don't know what to do right now, so keep it to yourself, please.

## Chapter 2

To all those who have and will comment, I appreciate you reading this. It helps me get my emotions sorted out. Thank you!
