LeopardWing stepped over to RedStar. "RedStar. The Gathering is Tonight. Have you chosen anyone yet?" He turned around and gave her an arrogant glare. "Last time I checked, you weren't my deputy."

He growled, still glaring. She looked down at her paws. He didn't know of her Affections for him and didn't share them. He stomped into his den. She walked to her den. Maybe he would notice and develop feelings for her... LeopardWing dragged her orange, striped tail to her den. She saw RedStar walk out of camp. She thought this was suspicious and decided to check out his den. She stepped in and saw FoxGlove seeds and other deadly herbs along with the Medicine Cat's Body. She stared at the corpse in horror and realized what RedStar really was.
