Introduction

This FF is about the reasons and the consequences from bullying. Besides there are quotes which I mostly translated from German and lyrics and proverbs which I written on my own. I hope I can help someone who becomes bullying.

Chapter 1

Reasons from bullying

1st: The bullies want to feel "stronger."

2nd: They are envious. (For example, You get better notes.)

3rd: They don't like your skin color. (For example, You have dark skin.)

4th: They don't like your origin. (For example, You come from Africa.)

5th: They don't like your sexuality. (For example, You are object-sexual.)

6th: They don't like your opinion. (For example, You mean that persons aren't necessarily cool if they wear branded clothing.)

7th: They don't like your clothing style. (For example, You wear second hand.)

8th: They don't like your religion. (For example, You are Jew.)

There are probably more reasons, but these are the most.

Chapter 2

Consequences from bullying

1st: You get a stomachache.

2nd: You get nightmares.

3rd: You get impaired concentration.

4th: Your grades are falling off.

5th: You're feeling guilty.

6th: You don't dare talk about it, 'cause you're afraid, that things get worse.

7th: The most, but not all, begin to hurt themselves so, that the pain subsides.

8th: For many, this ends with addiction.

9th: Many kill themselves.

Chapter 3

If you're affected

Please, don't feel guilty that you become bullying.

This is not your fault.

You have the right to be yourself. If someone doesn't respect it, is pitched. I of course don't know you, I think, no, I believe, you are a great human, even if nobody wants to recognize that. I advise you, even if you're afraid, to talk to somebody about it! You'll get help. I'm sure. Everything will be fine. You have to believe in.
