Introduction

Is Deathchaser confusing? YUP. Here's a bit of info that may help.

Chapter 1

Tribe: NightWing

Mother: Unknown, adopted by Visiontalons

Father: Unknown, no father

Sisters: Karma, Acapella, Starsignal, and Prophecykeeper

Brother: Unknown

Looks: Deep black and dark blue scales, with the patterns of constellations dotting her scales. Her horns are dangerously curved.

Likes: Her group in the NightWings, Prophecykeeper, risk, and protecting others.

Hates: Phoenix, MudWings (for obvious reasons), and animus dragons (she thinks they are very dangerous).

Is Deathchaser based off a real person: Yup. One of my friends is very sweet but will do anything for her family and friends.

Hope this helped a little!
