Introduction

Hey y'all its shygirl.

Chapter 1

Danger Zone:

Can't you see
I'm falling apart
There's so many cuts
And scars on my heart.

I've entered my danger zone
I don't think i'll come out.
It's dark and lonely here.
You don't seem to hear my shout.

It's a shout out loud.
A cry for help.
I'm falling down.
Crying as well.

I asked for help
Many times before.
But they didn't care.
They pushed me onto the floor.

I wish you cared.
I wish you stayed.
Maybe i'd live on
If someone saved me today.

I've entered my danger zone
I don't think i'll come out.
It's dark and lonely here.
And no one hears my shouts.
